1. Nature of the degree

Candidates wishing to submit and defend a thesis in Māori must seek approval at the time of registration. A recommendation will be made by the Assistant Vice-Chancellor (Māori) or nominee as to the candidate's fluency and literacy in te reo Māori in the thesis subject-area and the likelihood of being able to find appropriately qualified examiners for the thesis.

2. Conditions of enrolment

- (a) Every candidate, before enrolling for the degree, must be approved as a candidate by the Dean of Postgraduate Research
- (b) Every candidate for the degree must either:
 - i. have qualified in New Zealand for a Bachelor's degree with first or second class honours, or a Master's degree at the standard of first or second class honours, or the equivalent; or
 - ii. have been admitted ad eundem to the status of a graduate equivalent to (i) above.
- (c) The Dean of Postgraduate Research must be satisfied that the candidate has adequate training and ability to pursue the proposed course.
- (d) In special circumstances, the Dean of Postgraduate Research may approve the enrolment of a graduate who does not hold one of the qualifications under Regulation 2(b), but who has produced satisfactory evidence of adequate training and ability to pursue the proposed course.

3. Enrolment and registration

- (a) A candidate shall apply for enrolment on the 'PhD Application' form. The form, which must be signed by the Head of Department/School, must nominate a potential Senior Supervisor, who will normally be a member of the continuing academic staff of the University of Canterbury, indicate the general field of study, and recommend a date of enrolment. If the enrolment is approved by the Dean of Postgraduate Research, he or she shall confirm the date of enrolment.

The prescribed form is obtainable from the Postgraduate Office or on the Postgraduate Studies website.

Members of the supervisory team are not formally appointed until the research proposal has been approved and registered. Regulation 5, below, deals with supervision.

When enrolment is approved, a copy of all regulations and procedures governing study for the degree, including these guidelines, will be sent to the candidate by the Postgraduate Office. Copies of these guidelines are also available from the candidate's Department/School, and on the Postgraduate Studies website.

- (b) Once enrolled, the candidate shall work to develop a research proposal under the guidance of a potential Senior Supervisor. Within six months of enrolment for the degree, the candidate shall present a proposal to the Head of Department/School for approval and forwarding to the Dean of Postgraduate Research for approval and formal

registration. Failure to obtain such approvals within six months may lead to termination of enrolment.

During this initial enrolment period, the candidate should be considered as a full PhD student and a provided the appropriate facilities and resources. During this enrolment period it is expected that the candidate will meet frequently (at least monthly) with their proposed senior supervisor as the thesis proposal is developed. Consideration should also be given at this time to the nomination of co- and associate supervisors for the project. It is expected that members of the supervisory team (ie, co- or associate-supervisors) will be identified early and that they will play an active role in assisting the candidate in developing his/her thesis proposal.

Departments/Schools are expected to have rigorous procedures for the evaluation of thesis proposals that are undertaken prior to the submission of the proposal and registration form to the Postgraduate Office. Students should be provided with clear and detailed information regarding the departmental/school procedures and timeline for proposal evaluation.

If an acceptable proposal is not submitted to the Postgraduate Office within 6 months of a candidate's enrolment, then an application for an extension can be made by the student (with support from the senior supervisor) to the Dean of Postgraduate Research. In addition, a department/school may apply to have a candidate's enrolment terminated at this point.

- (c) The research proposal will not be approved until the student has completed a Department/School induction course approved by the Dean of Postgraduate Research.
- (d) The research proposal must be accompanied by the PhD Registration form (Research Proposal), available from the Postgraduate Office or the Postgraduate Studies website. All proposals should be accompanied by a signed agreement between student and supervisors in regard to IP and publications. Research proposals involving a contract (other than the "Supervision Agreement" which is part of the Standard Registration form) must have the additional contract signed by Research and Innovation.

The research proposal should be presented in sufficient detail for the Senior Supervisor and Head of Department/School to be able to comment on its suitability for PhD study. It rch10(ost(erminat)12(ed at)15(ent)uf)Jalen

be used, and it should provide details of any special supervisory arrangements (for example, provision of alternative supervision in the case of a supervisor taking study leave). There should be statements about who has been consulted about the project, including general staff whose assistance may be required in the course of the work, and also about specific equipment or materials needed for the research.

- (e) Where the research is dependent on the approval of the University's Human Ethics Committees or Animal Ethics Committee, or any other committee or organisation, approval should have been obtained prior to registration of the proposal and, where possible, full documentation of approval(s) submitted with the proposal. Where it is not possible to provide these approvals at the time of submitting the proposal registration, the Postgraduate Office must submit them as obtained prior to the full document registration.

more than one author, it shall be accompanied by a completed "Co-Authorship" Form (available from the Postgraduate Studies website). While published work can be included in the thesis, the thesis must be a single coherent document. Further information regarding the inclusion of published work is included in the document "Including Publications in a PhD Thesis" which can be found on the Postgraduate Studies website.

- (d) A candidate must indicate in the thesis any part which he or she has previously used for another degree. (See Regulation 1 concerning the requirements for original work.)
- (e) Once examiners have been appointed, as below, the thesis shall normally be sent to the examiners within 10 working days. Prior to being sent out for examination the "Examiner's Request" Form and the Supervisor's Certificate must be submitted by the Head of Department or Head

determine whether the oral examination should proceed at that point. In making this decision, the Dean may correspond with the examiners in which case the nature and substance of any correspondence must be recorded. The Dean may also discuss the matter with the oral Chair and the Senior Supervisor. The Dean may also seek new examiners' reports, replace one or more examiners or appoint an additional examiner. The oral examination organiser will be informed

committee or organisation of the University or externally, approval must have been obtained prior to registration of the proposal. Full documentation of the approval(s) received must be submitted with the proposal. Where it is not possible to provide these approvals at the time of submitting the proposal and registration, the Postgraduate Office must be informed when the approvals are received.

- (f) With the approval of the Dean of Postgraduate Research, and on the recommendation of the Head of School and the Faculty Dean, a candidate for a Master of Music (MMus) degree, a Master of Arts (MA) degree or a Doctor of Philosophy (PhD) degree may transfer to the degree of Doctor of Musical Arts, provided:
- i. the candidate has satisfactorily completed all course work normally required by a candidate enrolling for a DMA. This requirement will be determined in each case by the Faculty Dean.
 - ii. the candidate has undertaken research towards a Masters thesis or project for a period not normally less than the equivalent of six months full-time enrolment.
 - iii. the application for transfer is accompanied by a full account of progress made in research for the Master's thesis or project work, and a DMA research proposal, as otherwise required under Regulation 4(b). Transfer will not be approved unless the DMA research proposal is approved. If the candidate is enrolled for a DMA under this regulation, the date of enrolment and registration will be backdated as is considered appropriate, normally to the date at which the Master's thesis or project work was commenced.

- (a) Full-time study:
- i. A candidate shall normally be enrolled as a full time candidate.
 - ii. The minimum period of enrolment for a full time candidate is 36 months.

- (b) Part-time study:
- i. With the approval of the Dean of Postgraduate Research, a candidate may be enrolled as a part-time candidate.

- ii. An applicant for part-time enrolment must produce evidence, including a statement from any employer, that he or she will be able to pursue satisfactorily the necessary study and research.
- iii. The maximum period of enrolment for a part-time candidate is normally 84 months, and the Dean of Postgraduate Research will not approve part-time enrolment unless satisfied that the candidate can devote sufficient time to study and research to be able to complete the degree within this time. If extenuating circumstances related to the student's research can be demonstrated, the Dean of Postgraduate Research may extend this period by a further 12 months.
- iv. For a part-time candidate the minimum period of enrolment shall be not less than 48 months.

Students who require a Student Visa to reside and study in New Zealand are expected to be enrolled on a full-time basis to satisfy the requirements of the Student Visa and to be eligible for domestic tuition fees. If you reside outside New Zealand while studying and you are not a New Zealand citizen you have the option of either enrolling on a full-time or part-time basis. While resident overseas you will be liable for international rate tuition fees. A period of overseas study (eg, fieldwork) is permissible for students, up to a cumulative total of 12 months, who are not NZ citizens during their PhD tenure whilst retaining the right to pay domestic fees. Such period of overseas studies must be approved by the Dean of Postgraduate Research prior to departure. Students who are New Zealand citizens may be enrolled on a full- or part-time basis and will pay domestic fees regardless of whether they reside in New Zealand or not.

- (a) Upon approval of the research proposal the Dean of Postgraduate Research shall appoint a Senior Supervisor of the research, normally a member of the continuing academic staff of the University, who shall supervise the work of the candidate and be responsible for ensuring that all administrative and regulatory requirements are met. The Dean may appoint a non-continuing academic staff member as Senior Supervisor if

satisfied that the student will receive continuity of supervision for the whole term of the DMA. The Senior Supervisor will have expertise in the candidate's principal field of study (Composition or Performance). In addition to the Senior Supervisor, there shall be a Co-Supervisor with primary responsibility for the thesis component of the student's research. One or more Associate Supervisors and/or advisors may also be appointed who, together with the Senior- and Co-Supervisor, will form a supervisory team led by the Senior Supervisor. Members of the supervisory team will be appointed by the Head of the School of Music in consultation with the candidate and Senior Supervisor, and their names recorded in the Postgraduate Office.
