

Vice Chancellor's Report to Council

March 2022

Introduction

Semester 1 started off busily with a buzz of students on campus despite **GOV#B**trictions. The impact of Omicrorcoincided almost exactly with Orientation week. As a result most planned social activities had to be cancelled or in some cases moved online in reduced form. The University of

Limited social opportunities for students because of the government COVID rules has, we believe, been the primary factor form unwelcome level of weekend disturbance on Ilam Fields and in other

In January this year, the University announced our intention to redevelop the Dovedale Campus to focus on digital screen industry education, research and commercial collaboration. The initiative responds to global demand for graduates and research and development in these industries. In addition, it supports many of the University's goals and key objectives. First and foremost, it contributes to our education and research goals. It is also a key plank in achieving sustainable scale, contributing to our positive economic impact on the loca

development and to support the establishment of data governance and supporting frameworks, while working to progress new data use cases rapidly.

Development has also continued on increasing impact and value of CE for students and staff. Last month the combined Digital Services and Kia Angitu ACE squad went live with ACE integrating WR RXU UHODWLRQVKLS PDQDJ With Hous What Goe, DA Well chald be cald by DPLFV beyond first years tudents and despite the increase in case numbers is expected to bring ACE team will still be able to effectively coordinate case management. The ACE integration with Dynamics was a key technical milestone of the Kia Angitu programme, as we continue to scale the '360' degree view of students for advisory and pastoral care.

A new Sustainability Hub web page been developed to feature all our strategic work in this area. It covers teaching, learning and research related to sustainability, as well as providing a direct link to the work of the Sustainability Office and information about recognition UC has received, including rankings results and awards news. The web page appears under the 'About' section of the University website.
