

*Progress in Electrochemistry*

Conference Information	
<b>Author</b>	Archer, M. D. Morris, G. C. Yim, G. K.
<b>Year of Conference</b>	1980
<b>Title</b>	Solar energy conversion
<b>Editor</b>	Electrochemical approaches to solar energy conversion
<b>Conference Name</b>	Proceedings of the 5th Australian Conference on Electrochemistry
<b>Conference Location</b>	Perth, Western Australia
<b>Publisher</b>	University of Western Australia
<b>Keywords</b>	Solar energy conversion Electrochemical approaches to solar energy conversion Proceedings of the 5th Australian Conference on Electrochemistry Perth, Western Australia University of Western Australia
<b>Subjects</b>	Electrochemistry Solar energy conversion Electrochemical approaches to solar energy conversion Proceedings of the 5th Australian Conference on Electrochemistry Perth, Western Australia University of Western Australia
<b>Classification</b>	Electrochemistry Solar energy conversion Electrochemical approaches to solar energy conversion Proceedings of the 5th Australian Conference on Electrochemistry Perth, Western Australia University of Western Australia

Reference Type: Conference Proceedings

**Author**

Meredith, G. R.  
Hsiung, H.  
Stevenson, S. H.  
Vanherzeele, H.  
Zumsteg, F. C.

**Year of Conference**

1988

**Editor**

Hann, R. A.  
Bloor, D.

**Conference Name**

.....
